Diane Schwanbeck

REQUEST FOR CORRECTED FILING RECEIPT

Commissioner for Patents
Alexandria, VA 22313-1450

Sir:

Applicant respectfully requests issuance of a corrected Filing Receipt that sets forth the correct filing date for the above-identified application. As explained below, the correct filing date for this application is **November 12, 2003**, and not November 13, 2003 as set forth on the Filing Receipt.

In support of this request, Applicant is attaching the following papers: (1) a copy of the official Filing Receipt received from the U.S. Patent and Trademark Office (PTO) for this application with the disputed date of filing (November 13, 2003) changed to November 12, 2003; (2) a copy of the Express Mail receipt showing the date of mailing as November 12, 2003 (note that the "Date In" box is marked "11 12 03"); (3) a copy of the signed Certificate of Express Mailing certifying that the date of mailing was November 12, 2003; and (4) a copy of the stamped postcard returned by the PTO with the incorrect filing date of November 13, 2003 indicated thereon. As the Filing Receipt issued by the PTO does not reflect the proper date of filing under 37 CFR § 1.10, Applicant respectfully requests (1) that the application be

accorded the correct filing date of **November 12, 2003**, as shown in the "Date In" box of the Express Mail receipt, and (2) that a corrected Filing Receipt that lists the filing date as November 12, 2003 be issued.

As Applicant did not cause this error, Applicant respectfully requests that any fees related to this request be waived. Nevertheless, in the event it is determined that any fees are due in connection with the filing of this request, the Commissioner is hereby authorized to charge such fees to Deposit Account 50-0805 (Order No. MIPFP064).

Respectfully submitted,
MARTINE & PENILLA, LLP

Receipt is acknowledged of this regular Patent Application. It will be considered in its order and you will be notified as to the results of the examination. Be sure to provide the U.S. APPLICATION NUMBER, FILING DATE, NAME OF APPLICANT, and TITLE OF INVENTION when inquiring about this application. Fees transmitted by check or draft are subject to collection. Please verify the accuracy of the data presented on this receipt. If an error is noted on this Filing Receipt, please write to the Office of Initial Patent Examination's Filing Receipt Corrections, facsimile number 703-746-9195. Please provide a copy of this Filing Receipt with the changes noted thereon. If you received a "Notice to File Missing Parts" for this application, please submit any corrections to this Filing Receipt with your reply to the Notice. When the USPTO processes the reply to the Notice, the USPTO will generate another Filing Receipt incorporating the requested corrections (if appropriate).

Non-Publication Request: No

Early Publication Request: No

Title

Automatic image quality adjustment according to lightness of subject

Preliminary Class

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
